**Mr. Teo Ser Luck
Parliamentary Secretary, MCYS**

Boys' Town and all its Components are very proud and greatly honored to extend a very warm welcome to you this morning.

We thank you for so graciously accepting to be part of our 60th Anniversary of the founding of Boys' Town Singapore and to preside over this unique occasion of the "Piggy-back" record setting event which highlights the iconic motto of Boys' Town: He ain't heavy, he is my brother.

This event is also in support of the Singapore Bid of the Youth Olympic Games 2010. We are proud to be a part of the supporting team and are fully behind you. This event should not be just a record setting event but a reminder to us that it is never too late to give a helping hand to someone in need.

The Boys' Town community is very excited and thrilled this morning to have you in our midst as our friend, and also as one of the participants in this historic event. We wish you a pleasant and memorable stay in our midst.

We are also very honored and happy today to have with us our special guest the Reverend Brother Rene Delorme, Superior General of all the Brothers of St. Gabriel worldwide who is based in Rome . It is indeed very providential that his visit to Singapore coincides with the opening ceremony of our 60th Anniversary.

Let us give a warm welcome applause to Rev Brother Rene. Please do feel most welcome among us Rev. Bro. Rene and we wish you an enjoyable and fruitful stay with us.

It is now my privilege and pleasure to invite Mr. Teo Ser Luck, our Guest of Honour to address us, Mr. Teo...
